HIGH SCHOOL TEAMS ENTERED FOR MEET

The high schools of the county are rapidly enrolling for the athletic meet which is to be held at the county seat on the 24th of May. Eleven schools have already stated they will be represented and four or five others are expected to send favorable replies within the next few days.

Of the eleven heard from Donora, Monongahela, Charleroi, Washington and Canonsburg are of Class I. The participation of these schools with 65 contestants is alone sufficient to guarantee a successful meet. Great rivalry still exists among all these schools, and an exciting contest is looked for in every event.

A duplicate of the cup won by the Charleroi team in 1917, will be offered as a trophy to the winning team, and under the same conditions that have existed in former years.

BOND SALES ARE SLOWLY INCREASING

Subscriptions to the Victory Liberty Loan in the eastern area of Washington county have now reached a total of \$600,000, according to official returns received by the various banks. The total of sales is much greater, however, as Donora has allocations at the mills and in the town. Just reported as being liberal subscribers to how much of the mill sales will go to the credit of the town and area has not yet been ascertained, but it is hoped that all of it will be given here.

The railroad employees are reported as being liberal subscribers to the loan, and a large number of applications are being received from the Pennsylvania, Pittsburgh & Lake Erie and the Monongahela Railway.

The Rider mine of the Warner-Yough company, out Maple creek, will go over the top. Already about \$12,000 have been subscribed by the men and it is expected to sell at least \$15,000 before the close of the campaign.

Chairman Daly says there are plenty of honor flags for industries, departments, stores and offices. Any of these reporting 100 per cent subscriptions can receive one of them for display.

The up-river districts are reported as coming up very slowly in the campaign. This is largely due to the fact that most of the mines in that section are idle, and men are without funds to purchase bonds. The campaign is expected to speed up very materially next week, when the greater amount of bonds will be sold.

CITIZENS LIBRARY ASSOCIATION NOW IN PROCESS OF DISSOLUTION

Continued from Page 1

It was at this time that the advisability of a chartered corporation presented itself and an application was soon thereafter presented to the Washington county courts, in 1875, 8th charter members being Major Thomas McGowan, John F. Cooper, Joseph R. Ryan, John Conrad and Samuel Swabe, all deceased. T. J. Allen, C. B. Copeland and Smith Colvin who still survive.

By virtue of the certificates of membership no shares of stock were transferable and when a member died his or her share reverted back to the active members of the association. These surviving members will now close up the affairs of the society and the Citizens Library Association will then become a memory. These members look back with pleasure and yet with a tinge of sadness, upon the activities of this association which in its day of popularity furnished the people of this section with the greatest amount of their social activities.

LARGE INCREASE IN TITHING MEMBERS

Practical Christians, the kind that give their cash as well as their prayers to advance Christianity, are numerous in New York, Pennsylvania, West Virginia, and Northern Virginia according to the reports just announced by Dr. Appleton Bash, executive secretary of the Methodist Centenary campaign in the Pittsburgh area which includes the four states.

With the opening of the centenary financial campaign more than two weeks away, Dr. Bash reports more than half of this year's financial quota already has been subscribed. 15,000 tithers have promised to give one-tenth of their income to the church, 18 of the 760 churches in the area have exceeded their financial quotas and 59 churches have enlisted more than their quota of tithing members.

The Little Methodist church in Federal, Pa., to which a quota of two tithing members had been assigned, gained in membership recently and has reported 33 members enrolled as tithers. Christ church in Pittsburgh has 275 tithing members, 55 more than its quota; the Italian mission in Pittsburgh had a quota of eight tithers but has enrolled 49; the Mountville circuit charge in West Virginia had a quota of 64 but has enrolled 197; the Cascade church in Erie had a quota of 85, but enrolled 152; and the Wesley church in the same city more than doubled its quota enrolling 76.
